About Me

Hello! I'm currently pursuing a B.Tech in Computer Science and Engineering, with a strong passion for web development,AI & game development. My journey in the tech world has been driven by a desire to create innovative and user-friendly web applications with the indulgence of AI

I am proficient in various web development technologies,AI tools and Game development and continuously strive to expand my skill set. My ultimate career goal is to become a professional Full Stack Developer or Game Designer and working in a product-based company where I can contribute to cutting-edge projects.

In addition to my technical pursuits, I enjoy a variety of hobbies that keep me active and engaged. I love reading books, swimming, skating, playing table tennis, and gaming. I also have a knack for solving logical questions, which helps me stay sharp and think creatively
